TOPICALS

TYPE	DESCRIPTION	SCENTS	DOSAGES	Ingredients
<a href="#"><u>Bath Soak</u></a>	Enjoy full body pain and inflammation relief with our infused epsom salts. Available in three scent blends, our soaks are made with extra virgin coconut oil and therapeutic grade essential oils, as well as our full spectrum cannabis oil. Our essential oil blends offer synergistic relief to the cannabis; the Lavender soak is excellent for relaxation and insomnia; our Eucalyptus Mint variety is wonderful for cold/flu symptoms and is a great bronchodilator; our newest Lemon Tea Tree is targeted towards minor skin irritations as well as being an uplifting, motivational scent blend.	Lavender Eucalyptus Mint Unscented	100mg THC	Epsom salts, coconut oil, cannabis oil, essential oils
<a href="#"><u>Gel</u></a>	Skin penetrating gel targets deep pain and inflammation due to arthritis, joint pain, and muscle soreness. Rub on affected area 3-4 times daily. Available in Original scent-free and Fire & Ice	Original Unscented Fire & Ice	200mg CBD : 200mg THC	Unscented: Gel base, cannabis oil, coconut oil Fire & Ice: Gel base, cannabis oil, coconut oil, peppermint oil, cayenne pepper
<a href="#"><u>Salve</u></a>	Crafted with the same care and precision as the rest of the items in the DC line, our healing salve is made from scratch and is infused with raw butters and botanicals, custom essential oil blends and of course our highest standard cannabis extract. The base of our balm is composed of five skin nourishing ingredients: Cocoa Butter, Beeswax, Coconut Oil, Shea Butter, & Vitamin E Oil. Additionally, our scented salves utilize therapeutic and natural essential oils to soothe aches and pains without an overwhelming fragrance.	Lavender Eucalyptus Unscented Lemon Tea Tree	100mg CBD: 25mg THC	Coconut oil, cocoa butter, beeswax, shea butter, vitamin E oil, essential oils, cannabis oil
<a href="#"><u>Suppository</u></a>	Made with cocoa butter and full spectrum oil, suppositories are fast to absorb and deliver intense pain relief with a mild euphoria. These are a great product for menstrual discomfort, endometriosis, patients with Crohns/IBS, and any localized pain in the area. Appropriate for both vaginal and rectal use, cannabis suppositories bypass the liver and deliver the medicine directly to the bloodstream. This allows the patient to intake closer to 70% of the available cannabinoids, far greater than a traditionally ingested edible.	n/a	25mg, 50mg THC 1:1 - [12.5mg CBD : 12.5mg THC] 1:1 - [25mg CBD : 25mg THC] 20:1 - [24mg CBD : 1mg THC]	Cocoa butter, beeswax, cannabis oil
<a href="#"><u>Personal Lubricant</u></a>	Packaged in a 30mL bottle with serum pump, our lubricant is made with infused MCT oil as well as extracts of calendula and comfrey, which aid in reducing skin inflammation. This product is great for those who suffer from conditions such as endometriosis, vulvodynia and vaginismus, as well as painful sexual intercourse after childbirth. This product can enhance arousal, sensation and natural lubrication. Because it is made with oil, this is not a latex-safe product- all condoms, diaphragms, and toys in use must be silicone.	n/a	300mg THC	Coconut MCT oil, cannabis oil, calendula-infused olive oil, comfrey-infused sunflower oil
