PRODUCT CHEAT SHEET MARYLAND FLOWER

STRAIN	DESCRIPTION	EFFECTS	USED FOR	BEST USE TIME	GENETICS	TOP TERPENES	DOMINANCE
Anmitsu	Cross of Eggroll x Papaya #28 from Cannarado creates a flavorful palate of plums, mango, and papaya, with undertones of spice on the exhale. An initial onset of tingly euphoria settles into a distinctly calming effect for both the body and mind, this cultivar is best enjoyed at night by experienced consumers. This indica-dominant strain can be very helpful with easing muscle spasms, migraines, and cramps.	Relax	Pain, migraines,	Evening	Eggroll x Papaya #28 - Cannarado	Limonene, Linalool, Caryophyllene	indica dominant
Beach Cake #7	A cross of Florida Cake and TK bx1 from Jungle Boys that delivers an enticing palate of citrus and deep earthiness. A great daytime option for chronic anxiety, this cultivar delivers a tingly euphoric yet serene high that's suitable for all experience levels.	Creativity	Anxiety, stress	Daytime	Florida Cake x Triangle Jush bx1 - Jungle Boys	Limonene, Caryophyllene, humulene	hybrid
Beach Cake #12	Beach Cake #12 maintains the excellent bud structure and resin production of Beach Cake #7 but boasts a much more colorful look and complex profile. #12 holds on to the familiar gas notes on the palate while introducing strong grape-like notes with subtle touches of tropical mango and pineapple. A cerebral euphoria is balanced by a light body high which can help chronic anxiety; enjoy this delicious cultivar and its accompanying good mood at any time of day.	Creativity	Anxiety, stress	Daytime	Florida Cake x Triangle Jush bx1 - Jungle Boys	Limonene, Caryophyllene, humulene	hybrid
Chasca	Cross of Super Silver Haze and Chem '91 from Lucky Dog Seed Co that provides a sour lemon taste, PineSol-esque aroma, and giddy effects.
